*We need 40 minutes between sections In the PM we would have some routes that could help from Tier 2 to Tier 3. We currently show 35 minutes between sets.

*5-8= 135 buses, K-4= 153 buses, 9-12= 133 buses (We currently use 269 during Tier 1)

*With this option we would be able to potentially put back in direct busing for our high school choice students.

*We would be able to get back to the buildings for athletic trips sooner than a 2-tier flipped model.
